

Maharaja Nandakumar Mahavidyalaya

No: MNM/NOTICE/03/2023

3rd January, 2024

It is hereby to notify to all the students that as per the University norms, a student should secure a minimum of 75% attendance of the total number of classes held during the semester, failing which he/she will be detained from appearing in the University examination. It is also compulsory for the students to participate in different co-curricular activities including various programs, games and sports organized by the college. The college management has shown serious concern about the attendance of the students. Attending class is a basic necessity for students' learning and intellectual growth. It is imperative that presence in the college /labs is very important to learn the subject well. Students are advised not to avoid participating in weekly Test and internal assessment tests. If they do so, they will be doing it at their own risk in the sense that they will be losing the marks for such test(s). No retest, doubling up of marks, viva etc. will be permitted for absentees on the days of the test(s).

All the students are therefore being advised to attend their classes regularly on all college working days for their own academic development.
